Nantong University (NTU) was founded in 1912. It is a comprehensive university jointly built by the Jiangsu Provincial People's Government and the National Department of Transportation. In Chinese University Evaluation 2023 of the China Academy of Management Science, Nantong University ranked 102th，and also 91th among mainland universities. In ESI Comprehensive Ranking of Chinese Universities, it ranked 113th.

NTU is located in the riverside and coastal Nantong City with the beautiful scenery, and rich human and cultural resources. **There is the direct high-speed train between Nantong and Shanghai. It is only 2 hours' drive away from Shanghai Pudong International Airport.** The University provides students from home and abroad with an excellent study environment and high-quality living facilities. It is a good place for international students to study, live, and make their dreams come true.

NTU is composed of 24 schools, one independent college (Xinglin College), one large comprehensive and affiliated hospital, School of International Education and School of Extended Education. There are 3 postdoctoral research centers and 5 doctoral degree programs in Basic Medicine, Clinical Medicine, Information and Communication Engineering, Public Health and Preventive Medicine, and Medical Aspects of Specific Environments. There are 22 academic master degree programs and 22 professional master degree programs. The 9 disciplines of Clinical Medicine, Neuroscience and Behavior, Engineering, Pharmacology and Toxicology, Biology and Biochemistry, Chemistry，Material Science, and Molecular Biology and Genetics and Computer Science have ranked the top 1% of ESI disciplines in the world. NTU boasts 2 preponderant disciplines, 8 key disciplines of Jiangsu province, and 30 key clinical medicine related specialties of Jiangsu province.

Currently NTU has 3 campuses, covering nearly 220 hectares and the construction area is nearly 1.2 million square meters. There are 3,285 staff in total, including 1,730 staff with senior and higher titles, more than 1,722 doctoral and master supervisors. There are nearly 100 leading talents personnel in different areas.

There are 101 undergraduate programs covering 10 disciplines such as literature, science, engineering, medicine, art, economics, law, education, history and management, and over 42,000 full-time undergraduates, 5,200 postgraduates and 1,000 international degree students.

NTU has developed extensive overseas exchange and cooperation, established friendly cooperative relations with more than 137 universities and research institutes in various countries and regions, such as the United States, Canada, Britain, Germany , France, Italy, Spain , Russia Australia, Japan , and Korea and has carried out many international exchange programs.

PhD Programs

Programs (Duration: 4 Years; Language of Instruction: English or Chinese)

Disipline	Program Name and Research Area
100400 Public Health and Preventive Medicine	Epidemiology and Health Statistics /Occupational Health and Environmental Hygiene /Nutrition and Food Hygiene /Sanitary Inspection
100900 Medical Aspects of Specific Environments	Nautical & Diving Medicine/Occupational Injury & Repair
081000 Information and Communication Engineering	Wireless Communication and Network System /Traffic Communication System and Its Application Specific Integrated Circuit /Nonlinear Signal Processing /Intelligent Perception and Information System
100100 Basic Medicine	Tissue Engineering and Nerve Regeneration/Regulation of Stem Cell Differentiation /Study on Immune Regulatory Mechanism /Pathological Mechanism and Prevention of Senile Diseases /Reproductive Medicine
100201 Internal Medicine	Basic and clinical research on rheumatism/Early diagnosis, pathogenesis, targeted therapy and pathological mechanism of inflammation of digestive tumors/Diagnosis and treatment of liver fibrosis and primary liver cancer/Specific genetic intervention and mechanism of acute and chronic kidney injury/ Basic and clinical research on pediatric cardiovascular Kawasaki disease
100204 Neurology	Mechanism and translational research of neuroimmune microenvironment in nerve injury/Basic and clinical research of cerebrovascular disease/Molecular basis and targeted therapy of glioma/clinical translational research of stroke diagnosis and treatment
100210 Surgery	Clinical repair and basic research of tendons/basic and clinical research of thoracic tumors/Basic and clinical research of liver cancer and biliary tract tumors/Basic and clinical research of hepatobiliary and pancreatic diseases/Basic and clinical research of gastrointestinal malignancies/Basic and clinical research of joint surgery–related diseases/Basic and clinical research of male infertility/Basic and clinical research of myocardial injury/Diagnosis and treatment of spinal cord injuries/Basic and clinical research of colorectal tumors
100212 Ophthalmology	Basic and clinical research on ocular trauma and retinal injury
100214 Oncology	Prevention and treatment of venous thromboembolism in obstetrics and gynecology/basic and clinical application of tumor markers/tumor molecular diagnosis and molecular mechanism research/tumor molecular markers and tumor immunotherapy resistance mechanism/screening and mechanism and translational research of new targets for tumor diagnosis and treatment

Ph. D Program Scholarship

◆ Chinese Government Scholarship

Type: full scholarship

Application Time: from January to March

Online Application: http://www.campuschina.org/

◆ Nantong University Scholarship

Type: full scholarship

Application Time: from January to July

Online Application: http://istudy.ntu.edu.cn/

Master Programs

Master Programs (Academic) (Duration: 3 Years)

School Name	Program Name and Research Area	Language of Instruction
School of Liberal Arts	050100 Chinese Language and Literature Study of Art and Literature /Linguistics and Applied Linguistics /Classical Chinese and Chinese Philology /Chinese Classical Philology /Ancient Chinese Literature/ Modern and Contemporary Chinese Literature /Comparative Literature and World Literature	Chinese
School of Mathematics and Statistics	070100 Mathematics Basic Mathematics /Probability and Statistics /Operational Research and Cybernetics / Computational Mathematics	English or Chinese
School of Physical Science and Technology	070200 Physics Theoretical Physics / Atomic and Molecular Physics / Condensed Matter Physics / Optics	English or Chinese
School of Educational Science	040110 Educational Technology	English or Chinese
	040105 Preschool Education	English or Chinese
	040110 Educational Technology	English or Chinese
School of Foreign Studies	050200 English Language and Literature	English
School of Chemistry and Chemical Engineering	070300 Chemistry Inorganic Chemistry /Organic chemistry /Physical Chemistry /Polymer Chemistry and Physics	English or Chinese
School of Life Science	071000 Biology Biological basis of nerve injury repair/Mechanisms of Tissue and Organ Development and Regulation/Biomaterials and Tissue Engineering / Plant stress resistance mechanism and resource development and utilization	English or Chinese
School of Mechanical Engineering	080200 Mechanical Engineering Machinery Manufacturing and Automation /Mechatronics Engineering /Mechanical Design and Theory /Marine Engineering Equipment and Fluid Machinery /New Energy and Energy–saving Equipment	English or Chinese
School of Electrical Engineering	081100 Control Science and Engineering Control Theory and Technology /Detection Technology and Automation Devices / Pattern Recognition and Intelligent Systems /Systems Engineering /New Energy Systems and Control	English or Chinese
School of Textile and Clothing	082100 Textile Science and Engineering Textile Engineering /Textile Materials and Design /Textile Chemistry and Dyeing and Finishing Engineering /Nonwoven Materials and Engineering	English or Chinese
	082104 Clothing Design and Engineering Functional Clothing and Ergonomics /Applied Technology of Functional Clothing	
School of Public Health	100400 Public Health and Preventive Medicine Hygienic Laboratory /Social Medicine and Health Care Management	English or Chinese
School of Sports Science	040300 Physical Education Humanities and Sociology of Sports/Sports Human Sciences/Physical Education and Training/Traditional National Physical Education	English or Chinese
School of Pharmacy	100700 Pharmacy Pharmacology /Pharmaceutics /Pharmaceutical Chemistry /Clinical Pharmacy / Microbiology and Biochemical Pharmacy	English or Chinese

Master Programs (Academic) (Duration: 3 Years)

School Name	Program Name and Research Area	Language of Instruction
Key Laboratory of Neural Regeneration	**071000 Biology** Biological Basis of Nerve Injury Repair (Neurobiology, Biochemistry and Molecular Biology, Cell Biology) / Molecular Regulation of Tissue and Organ Development and Regeneration (Developmental Biology, Cell Biology, Zoology) / Biomaterials and Tissue Engineering (Materials Biology [Interdisciplinary]) / Plant Stress Resistance Mechanism and Resource Development and Utilization (Botany, Genetics)	English or Chinese
Institute of Special Environment Medicine	**100900 Medical Aspects of Specific Environments** Nautical & Diving Medicine/Hypoxic Biomedicine/Occupational Injury & Repair/ Occupational Health Psychology	English or Chinese
School of Information Science and Technology	**081000 Information and Communication Engineering** Broadband Wireless Communication Theory and Technology /Wireless Communication Network and System/Radio Frequency Technology and Antenna /Optical Communication Technology /Integrated Circuit and Integrated System /Network and Information Security /Intelligent Perception and Information Processing /Artificial Intelligence /Cloud Computing and Big Data	English or Chinese
School of Medicine	**071003 Physiology** Basis and Clinic of Endocrine Immune Regulation /Basis and Clinic of Neuroimmune Regulation	English or Chinese
	100101 Human Anatomy & Histoembryology Neural Injury and Repair /Central Nervous Development and Regeneration / Differentiation of Neural Stem Cells /Mechanism of Central Nervous Degeneration / Mechanisms of Pain and Itch	
	100102 Immunology Tumor Immunity /Anti-infection Immunity /Autoimmunity	
	100103 Pathogen Biology Rapid Detection Technology of Pathogen /Pathogenic Mechanism of Pathogens / Interaction Mechanism between Pathogens and Host Cells /Immune Defense Mechanism of Host Cells /Function and Regulation Mechanism of Non-encoding DNA / Transcription and Post-transcription Regulation Mechanism Of Genes	
	100104 Pathology & Pathophysiology Tumor Pathology /Molecular Pathology /Pathology of Common Diseases /Vascular and lymphatic Biology and Disease /Molecular Inheritance and Genetic Disease /Nerve Regeneration and Stem Cells	
	100105 Forensic Medicine Traumatic Biology /Postural Asphyxia (Signal Transduction Mechanism of Respiratory Muscle Fatigue) /Forensic Clinical Medicine	
	1001Z1 Medical Informatics Intelligent Analysis of Health and Clinical Big Data /Medical Image Processing /Medical Information Resource Service Mode	
	1001Z2 Medical Biochemistry and Molecular Biology Mechanism and Prevention of Neurodegenerative Diseases /Molecular Mechanism of Hepatic Fibrosis and Its Prevention /Biochemical Toxicology	
	1001Z3 Reproductive Medicine Molecular Mechanism of Infertility	
School of Nursing and Rehabilitation	**1002Z1 Critical Care Nursing** Maternal, Child & Child Care/Adult Care/Aged Care	English or Chinese
School of Transportation and Civil Engineering	**081400 Civil Engineering** Civil Engineering Construction and Management /Civil Engineering Materials /Municipal Engineering	English or Chinese

Master Programs (Professional)

School Name	Program Name and Research Area		Duration (Year)	Language of Instruction
School of Business (School of Management)	**025400 International Business** Transnational Operation and Management /International Trade Operation (including cross-border e-commerce) /International Accounting and Corporate Finance /International Investment and Financing and Risk Management		2	English or Chinese
	125200 MPA (Master of Public Administration)		3	
School of Physical Science and Technology	**085408 Optoelectronic Information Engineering**		3	English or Chinese
School of Public Health	**105300 Public Health**		3	English or Chinese
School of Geographical Science	**085700 Resource and Environment** Electric Machines & Control Application /Analysis of New Energy Power System /Power Electronics and Power Conversion /New energy materials and devices		3	English or Chinese
School of Information Science and Technology	**0854 Electronic Information**	**085402 Communication Engineering** Broadband wireless communication technology/RF technology and antenna/ new generation mobile communication technology/wireless communication network/ Internet of Things technology/intelligent signal and information processing	3	English or Chinese
		085403 Intergrated Circuit Engineering RF IC Design/Digital IC Design/Analog IC Design/IC Devices and Manufacturing Process/IC Packaging and Testing		
		085410 Artificial Intelligence Big Data Analysis and Knowledge Engineering/Computer Vision and Behavior Perception/Uncertain Artificial Intelligence and Brain-like Computing/Deep Learning and Intelligent Software Engineering/ Intelligent Radar Signal Processing/ Communication and Perception Integration/Vehicle-Road Collaboration and Unmanned Driving		
School of Microelectronics (School of Integrated Circuits)	**085404 Computer Technology** New Computer Architecture/Intelligent Software Engineering/Internet of Things System Technology/Data Engineering and Knowledge Engineering/ Embedded Systems/Computer Networks and Information Security		3	English or Chinese
School of Medicine	**105101 Internal Medicine** Clinical Skills Training and Research in Gastroenterology / Clinical Skills Training and Research in Hematology / Clinical Skills Training and Research in Cardiovascular Diseases / Clinical Skills Training and Research in Nephrology / Clinical Skills Training and Research in Respiratory Diseases / Clinical Skills Training and Research in Infectious Diseases / Clinical Skills Training and Research in Endocrinology and Metabolic Diseases / Clinical Skills Training and Research in Rheumatology and Immunology		3	English or Chinese

Upgrade Programs from Junior College Education to Undergraduate Education

International students graduating from 3-year junior college can apply for the undergraduate study from the third year of the relevant program at Nantong University. After 2-year undergraduate study, the students can be awarded the bachelor degree if they meet all the graduation requirements according to Measures for Conferment of Bachelor's Degree for International Students of Nantong University.

School Name	Program Name	Duration (Year)	Tuition Fee (CNY)	Language of Instruction
School of Business (School of management)	International Economics and Trade	2	16000/Year	Chinese
School of Transportation and Civil Engineering	Civil Engineering	2	16000/Year	
	Engineering Management	2	16000/Year	
	Transportation Equipment and Control Engineering	2	16000/Year	
School of Pharmacy	Pharmacy	2	22000/Year	

Bachelor Program Scholarship

Nantong University Scholarship

Type: **First class** scholarship
Second class scholarship
Third class scholarship

Application Time: from January to July

Online Application: http://istudy.ntu.edu.cn/

Non-degree Programs

Language Training Programs

Program		Duration	Intake		Tuition Fee (CNY)
Chinese	Primary Chinese (level 1–3)	One Semester	Spring Semester (Early March)	Autumn Semester (Early September)	8000/Semester
	Intermediate Chinese (level 1–3)				
	Advanced Chinese (level 1–2)				
Business Chinese	Level 1–4				
Customized Programs		Customized programs are available based on different needs			

Exchange Programs

NTU welcomes exchange students from our partner universities all around the world. All the programs of NTU are open to exchange students. We can also customize professional courses, lectures, internships, Chinese language and Chinese culture courses according to different needs.

Application

Application Procedures

Online application
▼
Interview
▼
Payment after pre-admission
▼
Receiving admission documents
▼
Application for student visa
▼
Registration

Application Requirements

◆Have good knowledge and friendly attitude towards China, abide by laws and regulations with no criminal record;
◆Have good health and comply with the provisions of the Law of the People's Republic of China on Emigration and Immigration Administration;
◆Have good academic performance meeting the enrolment requirements of specific program;
◆Applicants for bachelor programs should have graduated from high school and not exceed 25 years old;
Applicants for master programs should have obtained a bachelor's degree and not exceed 30 years old;
Applicants for PhD programs should have obtained a master's degree and not exceed 35 years old;
Applicants for Chinese language training programs should be between 18 and 60 years old.

Application Documents

◆A valid foreign passport or certificate of nationality (If you are in China now, a valid Chinese visa or residence permit is required);
◆Non-criminal record;
◆Health certificate;
◆Financial statement;
◆Formal authorization from the parents if applicants are under the age of 18 and their parents do not reside in China permanently;
◆Notarized diploma or degree and notarized academic transcripts;
◆HSK-4 or above certificate if applying for the Chinese-taught programs;
◆English proficiency certificate for applicants from non-English speaking countries applying for English-taught programs;
◆Two recommendation letters from applicants' professors within 6 months before the application date and a research proposal (both necessary for master or PhD program applicants);
◆Supporting documents to show the experiences after graduation till the application time

Note: Applicants should bring original documents for check when coming to register.

Instructions on Scholarship Application

◆Meet the admission requirements;
◆Applicants shall have favorable performance in their academic study;
◆Applicants shall have not received scholarships awarded by the Chinese government or other institutions simultaneously;
◆Students must participate in the annual evaluation for scholarship, and those who pass the evaluation can continue to receive scholarships for the next year.
◆The right of interpreting scholarship belongs to School of International Education of NTU.

Fees (CNY)

Category	Application	Insurance	Accommodation	Other Fees
Degree Programs	600	800/ year	Double: 6000/ year Triple: 4000/ year Six–person Room: 2000/year	Other fees including but not limited to learning materials, physical examination, visa, etc.
Non–degree Programs	600	400/half a year		

Application Deadline and Registration Time

Category		Application Deadline	Registration Time
Degree Program	Postgraduate Programs	End of July	September or October
	Bachelor Programs		
Non–degree Program	Language Training Programs	End of January	March
		End of July	September
	Exchange Programs	The date of registration should be decided through consultation between universities.	

Dormitory and Campus Facilities

There are cafeterias, supermarkets, cafes, activity centers and clinics for international students, making the campus life easy. There are buses and metros between campuses.

Our international dormitory is clean, beautiful and well equipped. In each room, there are toilet, shower, beds, wardrobe, air conditioner, water heater, and computer desk, etc. Moreover, there are public laundry, and public kitchens with microwave ovens and refrigerators.

There is entrance guard system and 24–hour watchmen, which can not only ensure the safety of students, but also provide them with counseling and assistance in life at any time.

Glimpses of Campuses
